Job: Senior Planner - Nuclear Power

Location: Didcot OX11 0TR, UK

Salary: Upto £65,000

Join the vibrant and expanding Natural Resources and New Energies team as a Senior Planner. In this role, you will engage in a variety of Controls & Performance responsibilities for high-profile projects and programs. You will have the opportunity to collaborate, innovate, and learn from our experienced Planning & Scheduling community while contributing to our extensive Controls and Performance Network.

Key Responsibilities:

Evaluate project schedule progress and performance, identifying emerging problem areas.

Analyze critical paths and constraints, recommending work-arounds as necessary.

Lead the development of status reports to keep management informed.

Provide training and coaching on planning processes and practices.

Challenge schedule information to ensure realism and robustness.

Understand and explain Earned Value Management (EVM) reports.

Qualifications and Experience:

Experience with a standard scheduling tool (Primavera P6, MS Project, etc.) is essential.

Practical application of Earned Value Management (EVM) is desirable.

Familiarity with NEC contracts is desirable.

A UK driving license or the ability to travel to client sites across the region is essential.

If you're ready to take on challenging projects, collaborate with a dynamic team, and contribute to meaningful outcomes, apply now to be part of company's innovative journey in the Natural Resources and New Energies sector.
