Company: Vanrath

Location: Belfast

Category: computer-and-mathematical

Job Description

Power BI Developer

My client, a national consultancy is looking for an experienced Senior Power BI Developer to join their technology group and be a key member in reporting and visualisation of essential data. This role is 95% remote and will require 2/3 days per month in the Dublin office.

Requirements:

Power BI requirements analysis, business acumen, data storytelling, report UI & design, report visualisation SME, Power BI custom visuals especially KPIs

Data modelling in Power BI, DAX, Power Query, Power BI Service, Power BI Dataflows, data integration (managing data from other sources into PBI (SQL, Azure SQL, SPT lists, other))

Coaching affinity & acumen

Desirables:

Power BI data model performance optimisation

Power Platform integration (eg Power App embedded into Power BI for data write back)

Row and role-level security

SQL basics & Azure data stack

MS Fabric

For more information please contact Ryan McQuitty for a private and confidential chat.
