**The Business:** We are quite possibly at one of the most exciting transitions the automotive industry has ever faced. With trends such as electrification, connectivity and the agency model reshape coming into full force. The business has experienced excellent growth since inception and the last few years have been no exception. They combine a strong sense of purpose with a real commercial edge to ensure customers are provided the best possible worry-free mobility solutions to them and their families across the UK.

**The Opportunity:** The Pricing Analyst team play a crucial role in the strategic planning of the business. You will have the chance to join a highly successful and pivotal team within the business where your hard work and expertise will directly effect the future planning for one of the UK's largest fleet of vehicles. Performing well in this role will provide you with excellent growth opportunities to senior positions within the company, and rest assured you will be given all the industry leading tools to do so.

**To be successful you will need to:** The ability to create detailed proposals which show good commercial awareness and the ability to present these to senior leadership Proven understanding of core economic principles, the business environment, and analysis Confident to challenge the 'status quo' to deliver best practice efficiency and governance processes, and desire for constant improvement Accuracy, attention to detail, and the ability to work in a fast-paced environment Strong Microsoft Excel

skills Effective communicator, able to build enduring relationships across the business and with third-party suppliers The key is your Ability to analyse data, find opportunities/risks and be able to shape the solution. This is not just a traditional analyst role you will need to be able to interpret reports and use them to drive change. If this sounds like the opportunity for you please do apply below!
