

Senior/Principal Geo-Environmental Engineer

[Apply Now](#)

Company: Calibre Search

Location: United Kingdom

Category: architecture-and-engineering

Description

A Senior/Principal Geo-Environmental Engineer position has come available in central Glasgow an Engineer or Senior level looking to advance their career within a wider business sense. You will gain experience across all aspects of commercial/financial management, business development, account management, as well as building headcount with contribution to ambitious growth plans.

You will come in as a Senior/Principal Geo-Environmental Engineer depending on experience and have the opportunity to work for a leading ground engineering consultancy in Glasgow working on a wide range of local private development projects.

The role as a Senior/Principal Geo-Environmental Engineer will surround project delivery of all things Geo-Environmental and Geotechnical from phase 1 through to phase 5. The opportunity to specialise in a particular area is encouraged with support from internal specialist teams.

This role does offer the chance to join the Senior leadership team on helping with strategic growth plans, helping with business development and internal training/development plans for junior staff.

Senior/Principal Geo-Environmental Engineer Specification

Educated to degree level in a relevant civil, geology or environmental science.

Ideally chartered or approaching.

5-12 years' experience working within a UK GI consultancy delivering projects from Phase 1

through to phase 5.

Ambition to get involved in the wider business activities.

Client facing

If you would like to know more on this position, please contact Cory Taylor at Calibre Search Manchester.

Calibre Search promote equality in the workplace and we welcome applications from all suitably skilled or qualified candidates regardless of their sex, race, disability, religion/beliefs, sexual orientation or age. We act as both an employment agency and employment business.
