Company: Circular Resourcing

Location: Greater Bristol Area

Category: other-general

Senior Project Developer – Utility Scale Solar / BESS Developer Bristol Circular

Resourcing are pleased to be supporting an established Developer of Utility Scale Solar / BESS projects in their search for a Senior Development Manager. The role is based in Bristol on a hybrid basis, with the general expectation to spend 2 or 3 days a week in the office.

Salary: £80k - £100k DOE – strong bonus scheme and potential for LTIP after 12

months Location: Central Bristol (hybrid) Key Responsibilities: You will be responsible for

managing an exciting portfolio of Solar & BESS projects across the UK through the development process to RtB, and also supporting the mid / late-stage development of

newly originated projects. Day-to-day responsibilities will be wide ranging, including ecological evaluation, community engagement, planning, energy yield and grid connection

assessments, and budget & programme management. Requirements Detailed knowledge and experience of the UK project development process, pitfalls and mitigations Experience with

multiple renewable technologies would be highly desirable (wind, solar, battery storage, H2 etc.) Hands on approach and ability to work under pressure and to tight deadlines Self-

motivated, able to manage own workload and clearly communicate progress Experience

speaking and negotiating with key project stakeholders Well organised and process-

orientated with good attention to detail Proven ability to work and communicate with remote

colleagues Commercial awareness and acumen Value focussed with a high degree of

accountability Ability to influence internal and external stakeholders Please apply online for

further information.
