

Senior Quantity Surveyor[985627]

[Apply Now](#)

Company: Salix

Location: United Kingdom

Category: business-and-financial-operations

Salix leads the market when it comes to innovative and sustainable river and wetland management and provides spillway and shoreline protection, inland dredging, and wetland habitat creation. We are not just consultants or contractors either: we are designers, constructors, manufacturers, distributors, and growers.

Requirements:

Degree educated or similar in Quantity Surveying.

Working knowledge of NEC Contracts.

Preferably a background of working for specialist sub-contractor.

Experience of taking projects from initial estimation through to project delivery.

Responsibilities:

Supporting an internal team to ensure deliverables and priorities are met, responsible for pre- and post-contract quantity surveying duties.

Support the project team with tendering and procuring, including, tender review and pricing.

Taking personal responsibility for making cost checks and carrying out valuations on larger projects and in all cases ensuring that timely and accurate cost checking and valuation takes place.

Managing financial and commercial delivery of contracts including preparing applications for payment, working with accounts on cash collection, change control, supply chain management

through to final account negotiation and agreement.

Provide input with financial reporting including cost value reconciliation of accounts including cash forecast, final costs, monthly liabilities and payments.

Ensure sound contract administration of contracts including adherence to contractual notifications such as early warning, notification of compensation events, payment notices and payless notices, programme submissions, and all other contractual communications.

Salary & Benefits:

Salary up to £65,000 depending on experience.

Pension contribution.

Flexible working potentially available.
