Key skills required for this role

Senior Quantity Surveyor

Important

Senior Quantity Surveyor

Job description

We're recruiting for a Senior Quantity Surveyor in our Chipping Warden location. As a Senior Quantity Surveyor, you will play a vital role in our Greatworth to Southam Area project. You will be responsible for carrying out both regular and ad-hoc tasks in accordance with deadlines, independently or leading a small team of commercial staff. Your main responsibilities will include preparing and agreeing variation accounts, monitoring costs, reviewing contract progress, and providing contractual advice to management. Additionally, you will be involved in resolving disputes and identifying potential commercial risks.

About the Company

Our company, EKFB JV, is a leading player in the commercial and HTP sectors. We pride ourselves on delivering high-quality projects and our commitment to excellence. Joining our team means being part of a dynamic and innovative organization that values teamwork

and personal growth.

Key Responsibilities:

Carry out tasks independently or lead a small team of commercial staff

Prepare and agree variation accounts for main contracts and sub-contracts

Monitor costs and contract progress against targets and work plans

Provide input into change control procedures

Prepare and agree valuations, final accounts, and sub-contract final accounts

Prepare and issue certifications and payments for sub-contractors

Provide contractual advice to management

Negotiate and resolve disputes

Identify potential commercial risks and evaluate options for control and management

Job Requirements:

Qualified with a Quantity Surveying degree or similar

Enrolled in or seeking membership of a relevant professional institution (CICES, RICS or similar)

Demonstrated successful experience as a Quantity Surveyor

Ability to mentor junior team members
