NTT DATA Business Solutions -

NTT DATA Business Solutions Group is part of the NTT DATA Corporate Group a top global IT services provider, headquartered in Tokyo, operating in more than countries.

We combine a global reach with local intimacy to provide premier professional SAP services from deep industry expertise consulting to applied innovations in digital, cloud, automation, and system development to business IT outsourcing.

As a global SAP Platinum Partner, NTT DATA Business Solutions Group leverages its global expertise to deliver quality outcomes whether you are a multi-national or operate in a single country. With over 9, SAP experts across countries, we have the capability and reach to help you solve real problems and seize the next opportunity for growth around your SAP strategy and operations.

Our global award winning SAP practice, differentiated by innovation is the undisputed leader in SAP S/4HANA. With about SAP HANA clients and more than SAP S/4HANA clients. Our clients trust our deep experience and proven approaches - all around the world.

Position Description Overview

The NTT DATA consultant takes ownership of consulting and client activity by advising and defining solutions and acting as a specialist who provides subject matter expertise. They are focussed on delivering sales revenue through delivering personal and company utilisation. They are typically recognised as a leader in a particular area within the consulting group, and assist in developing and mentoring others and innovating NTT DATA propositions.

They may also assist in proposition development, IP development, and winning bids.

To achieve success, it is critical that the consultant delivers on the following accountabilities:-

Client Consulting

1. Delivers consulting solutions in the Finance area (Specifically SAP FI, CO, Product Costing and PS) against contractual and project requirements.
2. Advises and defines SAP Finance solutions by helping to solve business and technical challenges.
3. Provides specialist subject matter expertise in line with the solution.
4. Takes total ownership of delivering solutions and value to the customer by leading projects and project teams.

Utilisation and Revenue

5. Delivers utilisation in line with targets.
6. Delivers against a resource plan which drives personal and company utilisation.
7. Identifies further opportunities for revenue.

Consulting Team Player

8. Acts as a specialist within the consulting group by attaining and sharing best practice, knowledge and skills.
 9. Is a mentor to less experienced team members to support their professional development and personal performance.
- . Maintains an up to date knowledge and zest for the latest trends and utilises this understanding to bring innovation to our ways of working.

Key performance indicators (managed through performance and development plans)

1. Achievement of revenue and utilisation targets
2. Up to date PDP demonstrating regular monitoring of progress and achievement
3. Achievement of individual objectives
4. Habitually demonstrate NTT DATA values and behaviours

Essential Skills

Strong background in Finance and Accounting with a demonstrable technical expertise and experience across multiple and relevant SAP software products supporting the Finance function. At least 6 years experience delivering across the full life cycle of finance transformation programs, system optimization and enhancements and full SAP implementation programs.

Professional Accounting qualification desirable

Has a thirst for learning and staying on top of the evolving technology landscape. Actively shares and transfers own expertise and operational knowledge in a structured method, thus making it useful and functional.

Proven and demonstrable track record of successfully delivering customer projects. Makes solid and reliable decisions in complex environments.

Strong interpersonal and soft skills, able to quickly develop relationships with all stakeholders; within NTT DATA locally and globally, external customers, suppliers and partners to become a trusted advisor in your of field of expertise.

Demonstrates gravitas and personal integrity, is able to overcome unforeseen situations and keeps business objectives in mind. Drives results, effects, convinces and inspires by his/her personality, behaviour and communication style. Is a role model and ambassador.

Technical Must haves:

Fully conversant with SAP Finance solutions, specifically SAP FI, CO, Product Costing and PS

Good understanding of cross module integration with other modules such as (MM, SD, PP, HR and QM).

S4HANA exposure with of S4Finance and Activate delivery methodology

Technical Nice to have :
