POSITION DESCRIPTION OVERVIEW

The Senior Expert Procurement and Supply Chain role is a key and influencing role within the NTT DATA Digital Core Practice. The successful candidate will be part of a wider team responsible for the design and implementation of SAP solutions to our customer base and to meet our customer's needs. As a Senior Expert you will support customer engagements and perform delivery of the Procurement and Supply Chain solutions working alongside

Procurement and Supply Chain Solution Architects, Project Managers and the Integration Team to deliver innovative and high quality solutions integrated into core S4/ECC and non SAP solutions.

Responsibilities and Expectations

- Support Procurement and Supply Chain Solution Architect to work closely with customer and NTT DATA sales and business development teams to assist in the translation of business requirements into a solution that takes advantage of the Procurement and Supply Chain capabilities supporting the architecting of Procurement and Supply Chain within the overall solution landscape. This will include collaboratively compiling statements of works to support any stage of the sales and deal review processes. Leads and co-ordinates integrated workshops with detail and complexity with Senior Stakeholders in the customer business.
- Provide thought leadership to NTT DATA and its customers focused on Supply Chain strategy specifically in the Procurement and Supply Chain solutions and the Procurement / Supply Chain road map
- Act as the design authority on the projects ensuring the quality and integrity of Procurement and Supply Chain solutions being implemented is aligned to industry best practice
- Adhering to the agreed NTT DATA strategy, engage in self-directed and other learning to keep pace with new technologies and developments to ensure NTT DATA remains at the forefront of the market within which we operate. Share, use and communicate expert knowledge in order to develop others and make business processes more effective.
- Recognise potential for repeat and extended business with respect to end-to-end service offer by NTT DATA and provide comprehensive input. Support NTT DATA to grow our business by being alert to the customer opportunities that present themselves.
- Have strength and depth in delivery and configuration expertise in the overall possibilities for Procurement and Supply Chain process flows.
- Have had experience in delivering ECC WM and Basic EWM solutions.

PERSONAL PROFILE - SKILLS AND COMPETENCIES

- Is able to communicate, influence, convince and inspire effectively by own personality and act as a trusted role model and advisor within the Procurement and Supply Chain solution architecture field of expertise.
- Proven and demonstrable track record of successfully delivering customer projects and providing Procurement and Supply Chain solutions for the resolution of complex

requirements.

- Strong interpersonal and soft skills, able to quickly develop relationships with all stakeholders; within NTT DATA locally and globally, external customers, suppliers and partners to become a trusted advisor in your of field of expertise.
- Demonstrates gravitas and personal integrity, is able to overcome unforeseen situations and keeps business objectives in mind. Drives results, effects, convinces and inspires by his/her personality, behaviour and communication style. Is a role model and ambassador.
- Makes solid and reliable decisions in complex environments.
- Has a thirst for learning and staying on top of the evolving technology landscape. Actively shares and transfers own expertise and operational knowledge in a structured method, thus making it useful and functional.

PERSONAL PROFILE – EXPERIENCE

- The successful candidate will be able to demonstrate more than years of professional experience working within an SAP environment with at least 6 years in the Procurement and Supply Chain consulting area. Experience working with a value added re-seller or software house would be advantageous
- Proven and demonstrable experience in solution design and architecture with successful delivery and experience of all elements of more than 5 full project lifecycles
- Cross-functional knowledge is desirable. Understanding of core processes in other logistic modules

Beneficial Skills and Experience

Life sciences regulation knowledge

Knowledge in Batch Management / Batch release process

SAP ATTP and SAP IC Hub knowledge

Knowledge of legal / government reporting regulations

Serialization experience

Experience with systems/landscapes specific to the Life Sciences or Pharmaceutical industry

Knowledge in Plasma specific processes / fractionation

Experience in Computer System Validation (legal requirements and practical knowledge)

GENERAL

- Career opportunities exist along multiple route maps from people and leadership, products and expertise and project management. Which route you take is up to you and we are on

hand to provide guidance and support. Join us to start the journey that is your career path.

- You will be expected to follow relevant policies, procedures and work instructions, and report to the appropriate superior if objectives cannot be met or a problem occurs, the resolution of which is outside the scope of his/her authority.

- The jobholder is empowered with the necessary authority to make decisions appropriate to the execution of the responsibilities and tasks outlined. The above Job Description does not limit the employee in executing his job in concurrence with his main area of responsibility or other relevant jobs that they may be required to do.

- NTT DATA is an equal opportunities employer.

Please advise us should you require special arrangements for the interview process.

You must be eligible to work in the UK and prepared to undergo high level security clearance

Thank you for your interest in NTT DATA Business Solutions! We are thrilled to offer an exceptional compensation package that includes competitive salaries, comprehensive health and dental benefits, Flexible Paid Time Off, paid holidays, a k plan, and remote work opportunities, among many other fantastic benefits. We take great pride in our firm's high-growth trajectory and are always on the lookout for top talent to join our team.

Please note that employment with NTT DATA Business Solutions is subject to the successful completion of a satisfactory background check, and we participate in E-Verify. We kindly ask that all applications be submitted directly and not through third-party agencies.

We encourage you to consider becoming a part of our dynamic and innovative organization. Thank you for your interest, and we look forward to hearing from you soon!

We transform. SAP® solutions into Value
