Senior SAP SD/GTS Consultant

NTT DATA Business Solutions -

NTT DATA Business Solutions Group is part of the NTT DATA Corporate Group a top global IT services provider, headquartered in Tokyo, operating in more than countries.

We combine a global reach with local intimacy to provide premier professional SAP services from deep industry expertise consulting to applied innovations in digital, cloud, automation, and system development to business IT outsourcing.

As a global SAP Platinum Partner, NTT DATA Business Solutions Group leverages its global expertise to deliver quality outcomes whether you are a multi-national or operate in a single country. With over , SAP experts across countries, we have the capability and reach to help you solve real problems and seize the next opportunity for growth around your SAP strategy and operations.

Our global award winning SAP practice, differentiated by innovation is the undisputed leader in SAP S/4HANA. With about SAP HANA clients and more than SAP S/4HANA clients. Our clients trust our deep experience and proven approaches - all around the world.

POSITION DESCRIPTION OVERVIEW

The NTT DATA consultant takes ownership of consulting and client activity by advising and defining solutions and acting as a specialist who provides subject matter expertise. They are focussed on delivering sales revenue through delivering personal and company utilisation. They are typically recognised as a leader in a particular area within the consulting group, and assist in developing and mentoring others and innovating NTT DATA propositions.

They also assist in proposition development, IP development, and winning bids.

As well as possessing expert knowledge in Sales and Distribution, they have implementation experience in SAP Global Trade Services specifically around SAP Customs Management, SAP Risk Management, and SAP Compliance Management.

RESPONSIBILITIES AND EXPECTATIONS:-

ROLE:

Client Consulting

- Delivers consulting solutions in both the Sales and Distribution, and Global Trade Services areas against contractual and project requirements
- Advises and defines SD and GTS solutions by helping to solve business and technical challenges.
- Provides specialist subject matter expertise in line with the solution
- Takes total ownership of delivering solutions and value to the customer by leading projects and project teams

Utilisation and Revenue

- Delivers utilisation in line with targets
- Delivers against a resource plan which drives personal and company utilisation
- Identifies further opportunities for revenue

Consulting Team Player

- Acts as a specialist within the consulting group by attaining and sharing best practice, knowledge and skills.
- Is a mentor to less experienced team members to support their professional development and personal performance.
- Maintains an up to date knowledge and zest for the latest trends and utilises this understanding to bring innovation to our ways of working.

Key performance indicators (managed through performance and development plans)

- Achievement of revenue and utilisation targets
- Up to date PDP demonstrating regular monitoring of progress and achievement
- Achievement of individual objectives
- Habitually demonstrate NTT DATA values and behaviours

GENERAL

- Career opportunities exist along multiple route maps from people and leadership, products and expertise and project management. Which route you take is up to you and we are on

hand to provide guidance and support. Join us to start the journey that is your career path.

- You will be expected to follow relevant policies, procedures and work instructions, and report to the appropriate superior if objectives cannot be met or a problem occurs, the resolution of which is outside the scope of his/her authority.

- The jobholder is empowered with the necessary authority to make decisions appropriate to the execution of the responsibilities and tasks outlined. The above Job Description does not limit the employee in executing his job in concurrence with his main area of responsibility or other relevant jobs that they may be required to do.

- NTT DATA is an equal opportunities employer.

Please advise us should you require special arrangements for the interview process.

You must be eligible to work in the UK and prepared to undergo high level security clearance

Thank you for your interest in NTT DATA Business Solutions! We are thrilled to offer an exceptional compensation package that includes competitive salaries, comprehensive health and dental benefits, Flexible Paid Time Off, paid holidays, a k plan, and remote work opportunities, among many other fantastic benefits. We take great pride in our firm's high-growth trajectory and are always on the lookout for top talent to join our team.

Please note that employment with NTT DATA Business Solutions is subject to the successful completion of a satisfactory background check, and we participate in E-Verify. We kindly ask that all applications be submitted directly and not through third-party agencies.

We encourage you to consider becoming a part of our dynamic and innovative organization. Thank you for your interest, and we look forward to hearing from you soon!

We transform. SAP® solutions into Value
