Senior C# Developer - Fully Remote - Payments Search 5.0 is proud to be partnered alongside one of the world's most successful payments processing businesses. With a remote first policy, our client has over 1,000 people dotted across the globe, with just over 200 people residing in the UK and Ireland. This business has gone from strength to strength in these geographies over the last 3 years, with several successful acquisitions giving ambitious Software Engineers the opportunity to engage in greenfield projects in your first few weeks. This role will be an ideal opportunity for a Senior C# Developer with 5+ years of commercial C# experience that would like to play a key role in the development of fault tolerant, highly scalable applications in a remote working environment. What they're looking for: Web Programming Skills, JavaScript, HTML, CSS Linux and/or Windows Development Solid understanding of OOP and Design patterns with C# Server side product development experience BSc/BEng OR MSc in Software Development/Computer Science or Equivalent The Package: £60,000 Salary Bonus Flexible PTO Remote first working Private healthcare package Interview Process: 1st Stage initial Call, CV read through + small technical test 2nd Stage - Technical Interview Offer For a confidential conversation about this role apply today or contact Tiernan Ruddy on tiernan.ruddy@search5point0.com to find out more.
