Senior Scala Engineer - Scala, TypeScript, Blockchain

OB's client within the Crypto/blockchain space are on a sustained period of growth and are looking to add highly skilled Scala Engineers as they look to develop and expand their platform.

Working in small, highly-focused teams, you'll be involved across all the stages of product production as well as a vast amount of research, development within the cryptocurrency and blockchain space within a highly collaborative and driven team.

Senior Scala Engineer - Scala, TypeScript, Blockchain

Tech Stack:

Scala

TypeScript

PostgreSQL

AWS

Terraform

Docker

My client is flexible and this role can be worked remotely but there's an office space for this who wish in Central London. The role also pays a base salary of up to £80k depending on skills and experience. Unfortunately sponsorship isn't offered for the role.
