Company: The Green Recruitment Company

Location: England

Category: other-general

Senior Solar PV Consultant (Technical Due Diligence) Location: Bristol/ Brighton/Glasgow office with hybrid remote working Salary: DOETGRC is working with a leading renewable technical and commercial consultancy who are looking for a Senior Solar PV Consultant to join their team. Within this role you will be primarily providing a wide range of technical and commercial consultancy services for developers, lenders, investors, or operators mainly within the UK and Ireland. Responsibilities: Performing technical and commercial due diligence assessments Conducting site inspections Verifying plant completeness through performance calculation Supervising operational monitoring services Handling multiple projects by utilizing both internal and external resources Reviewing contracts and offering drafting assistance for solar PV sector agreements Engaging in business development activities Providing guidance and mentorship to junior consultants Experience: Holds an MEng degree in Engineering or equivalent qualification. Possesses extensive technical and commercial expertise in the design, construction, and operation of solar PV plants. Has firsthand experience evaluating the performance of numerous utility-scale and/or rooftop projects in the UK, with preference given to those with backgrounds in EPC or O&M provision. Demonstrated experience in: Overseeing technical due diligence transactions for utility-scale ground-mounted and rooftop solar PV plants, as well as domestic rooftop portfolios, on behalf of owners and lenders Managing and conducting Performance Acceptance Tests (PAC), Initial Acceptance Checks (IAC), Final Acceptance Checks (FAC), and broader operational monitoring Reviewing and providing drafting support for standard solar PV sector contracts, with specific emphasis on technical schedules such as EPC, O&M, asset

management, PPA, and grid connection agreements Previous involvement in senior management roles and a track record of training and mentoring junior colleagues. If this looks like the role for you, feel free to contact Elanza Loedolff below.
