## Senior Structural Revit Technician

Sheffield

Ref MR500

Salary up to £48,000 - Quick start!

Our client is a well-established, innovative, civil and structural engineering consultancy who is opening up a new, vibrant office in Sheffield. Working on a wide range of projects ranging from single beams through to multi-storey steel, concrete and timber framed structures our client is using the latest design and detailing software.

Our client is offering a competitive starting salary, regular pay reviews and clear options for career progression. PLUS benefits tailored to suit candidate lifestyles.

In order to be considered for this Structural Revit Technician role you will;

Have gained an HND/HNC in Civil or Structural Engineering

A working knowledge of CAD

Experience using Revit in a consultancy environment

Previous experience working on residential and commercial works

Strong communication skills both written and verbal

You will work well as part of a close-knit design team

Ability to work and analyse 2D /3D projects

Experience of detailing using concrete, steel and masonry  
In order to discuss this Structural Revit Technician role and other similar roles within Engineering please call MIKAELA on (phone number removed) or email your CV to
