Senior Structural Engineer - Leicester - £38,000-£50,000 DOE Plus extensive Benefits

I am working with a multi-disciplinary consultancy who due to their increasing workload are seeking ideally a Senior Structural Engineer to join their busy & expanding team in Leicester

Are you a Senior Structural Engineer looking for progression; is self driven & motivated? This is a great opportunity to become a key member of the team and progress your career.

The Senior Structural Engineer will be practising Structural Engineering on a day to day basis. Being involved in a wide variety of projects. Significant opportunities for the Structural Engineer to have career progression in a supportive environment.

The Senior Structural Engineer will be responsible for:

- \* Mentoring our Graduate engineers & managing junior staff
- \* Managing several projects at one time
- \* Projects would include commercial, industrial and residential designs.
- \* Core design - Structures ranging from small domestic to large commercial projects. Such as

residential, schools, churches, offices, listed buildings etc.

\* Attending meetings

Requirements for the Senior Structural Engineer:

\* Nearer chartered or willing to become Chartered.

\* Confident and proactive approach to developing new business and an ability to self -manage.

\* Knowledge of design using a wide range of materials.

\* Experience of projects and potential development opportunities throughout the region.

\* Competent technical knowledge with the ability to confidently deliver information both written and verbal.

\* Experience in supervising and managing junior staff

\* A working knowledge of Fastrak Portals, Tekla, Tedds, AutoCad

\* Own car and driving licence

Candidates must be eligible to live and work in the UK.

Alcea Consultancy are acting as an employment business/agency in relation to this vacancy.
