Senior Structural Revit Technician

Vertical Recruitment is working with a leading Structural Engineering Consultancy based in central Manchester. Due to the acquisition of a significant and ongoing project work they are now looking to appoint a Senior Structural Revit Technician.

About the client:

An Award-Winning leading consultancy having specialised in the built environment for almost 60 years.

With 3 offices spread across major cities in the UK. Winner of multiple projects awards from both the IStructE and RIBA

Leaders in the innovative and new technological techniques such as BIM and Revit.

Specialisms include; Civils & structural, Building Surveying, Historical Refurbishment.

Incredible benefits for staff including attractive salaries and enhanced benefits package you would expect from a leading consultancy. 25 days holiday, flexible working, life assurance and health campaigns including cycle to work schemes.

Modern working environment.

Required Skills & Experience:

A minimum of 10 years experience working in a Structural Engineering Consultancy.

Expert Revit and CAD skills.

Sound technical knowledge of building structures.

Drawing production from Engineers sketches and from scratch.

Responsible for ensuring delivery of drawing work to agreed project programs, whilst meeting

commercial targets.

Ensuring that drawing production follows company standards.

Good communication skills, experience in dealing with other employees working as a member in project teams and delivering to external clients.

Confident, proactive character, ability to take the lead in challenging situations with the confidence to question engineers regarding coordination of details.

Salary:

The salary for this role can range from 40-50K per annum or higher depending on experience. For more information and to apply please send CVS to (url removed)
