

## Senior Structural Revit Technician

[Apply Now](#)

Company: Think Recruitment

Location: Nottingham

Category: architecture-and-engineering

Are you a highly skilled and experienced Structural Revit Technician looking to take the next step in your career? If so, we have an exciting opportunity for you to join our dynamic and innovative consultancy in Nottingham!

Our client are a leading and well-established engineering consultancy, renowned for delivering high-quality solutions to a diverse range of projects across various industries who are seeking a talented Senior Structural Revit Technician to join their team.

As a Senior Structural Revit Technician, you will be an integral part of the engineering team, taking the lead in utilising Building Information Modeling (BIM) processes to create detailed and accurate 3D models. Your technical expertise and in-depth knowledge of Revit will be crucial in transforming architectural plans and engineering designs into robust and efficient structural solutions. Your responsibilities will include:

- \* Developing comprehensive Revit models for structural systems, including beams, columns, foundations, and more, ensuring adherence to industry standards and best practices.
- \* Collaborating closely with our multidisciplinary team of engineers to integrate design changes seamlessly into the Revit models.
- \* Conducting quality checks and coordinating with project managers to ensure that the deliverables are met.
- \* Assisting in the mentoring and development of junior technicians to foster a culture of continuous improvement within the team.

To thrive in this role, the successful candidate will have a proven background of working as a Structural Revit Technician, ideally with at least 5 years of experience working on complex engineering projects within a consultancy environment and be an expert in using Autodesk Revit, with a deep understanding of its functionalities, including families, templates, and BIM workflows, along with a strong knowledge of structural engineering principles and practices, keeping abreast of the latest industry trends and technologies.

In return you will have the chance to work for a market leading multi-disciplinary consultancy who, in addition to a fantastic overall package, offer excellent professional and personal development opportunities, so if you feel this role is for you or for a confidential discussion about your next career move please apply today.
