Company: Chronos Consulting

Location: United Kingdom

Category: other-general

Job Description

Opportunity for a Senior Structural Technician (or experienced Technician) to join our team of over 30 structural and building services staff, based at Blythe Valley Innovation Centre, Solihull.

You can expect exceptional colleagues to work with and learn from and an interesting variety of challenging and sometimes prestigious projects. Recent examples include various projects at Coventry University, Springfield Brewery, Silk Glass and Blossom Iron developments in Manchester, the transformation of a former Nestle site in Hayes and the Harrow View East development in London. You will have the opportunity to work closely with colleagues in other disciplines in Solihull and in our other offices around the UK. In this role you will be responsible for the timely delivery, accuracy, recording and filing of drawing information. Your primary responsibility is to ensure all details are appropriate and coordinated with other disciplines drawings and that there are no gaps in the information presented at Tender and Construction Issue Stage.

Core job functions:

Production of accurate technical engineering drawings

Checking colleagues work

Liaison with engineers, architects, the design team, and contractors

Attend technical meetings with the external design team

Assistance with project running, site surveys and inspections

Requirements:

Significant experience in building structures technical drawing production

Qualification in civil/structural engineering

Self-motivated team player with good people skills

Working knowledge of Revit and AutoCAD

Strong communication skills

This is a permanent position, offering a competitive salary and excellent flexible benefits.
