

Senior Tekla Technician

[Apply Now](#)

Company: Carrington West

Location: Farringdon

Category: construction-and-extraction

Seeking a skilled Senior Tekla Technician to join a leading engineering consultancy in central London.

The company are a leading provider of structural engineering and construction solutions, committed to delivering excellence in every project. With a focus on innovation and quality, they specialise in providing comprehensive services to clients across various industries, ensuring the successful execution of their projects from conception to completion.

The role:

As a Senior Tekla Technician, you will play a pivotal role in our structural engineering projects, utilising your expertise in Tekla Structures software to produce accurate and detailed structural drawings and models. You will collaborate closely with our engineering and design teams, contributing your technical proficiency to ensure the successful delivery of projects on time and within budget.

Responsibilities:

- Utilise Tekla Structures software to create detailed structural models and drawings in accordance with project requirements and industry standards.
- Collaborate with engineers and designers to develop and refine structural designs,

ensuring accuracy and adherence to project specifications.

- Provide technical guidance and support to junior technicians, assisting with training and development as needed.
- Stay updated on industry trends and advancements in Tekla software, incorporating new techniques and best practices into our workflow to enhance efficiency and productivity.

Qualifications:

- Bachelor's degree/ HNC or equivalent in Civil Engineering, Structural Engineering, or related field.
- Extensive experience working with Tekla Structures software, with a proven track record of producing high-quality structural models and drawings.
- Strong understanding of structural engineering principles and construction practices.
- Proficiency in interpreting architectural and engineering drawings, specifications, and technical documents.
- Excellent communication and interpersonal skills, with the ability to collaborate effectively with multidisciplinary teams.
- Ability to manage multiple projects simultaneously and prioritise tasks in a fast-paced environment.

In return, you will receive, competitive salary, bonus scheme, medical insurance, generous annual leave and pension scheme.

If you are a skilled Tekla Technician looking for a challenging and rewarding opportunity, we want to hear from you! Apply now with your CV or contact Claire on (phone number removed)
