Company: Penguin Recruitment

Location: United Kingdom

Category: business-and-financial-operations

The Company

The Client, a leading international interdisciplinary practice of architects, designers, engineers, and urbanists, is looking for a Senior Transport Planner. The successful candidate will join the newly formed Transport Planning team in Manchester Office, and supporting projects across the North and North West!

What is on Offer for the Senior Transport Planner Position:

Opportunities for personal and professional development through training and mentorship programs

Competitive remuneration and benefits package

Hybrid working arrangements to support work-life balance

Stakeholder pension scheme, profit share scheme, and tax-efficient Smart Benefits

Life insurance, private medical insurance, and health screening

Interest-free season ticket loans and enhanced maternity/paternity provisions

Regular social, sporting, and charitable activities

Employee forums for idea-sharing and collaboration

Contribute to meaningful projects that make a positive impact on communities.

The position of a Senior Transport Planner:

As a Senior Transport Planner, you'll play a pivotal role in our newly established Transport Planning team. You'll work closely with our civil engineering and urbanism teams on a diverse range of projects, from masterplanning to infrastructure design. Key responsibilities include conducting site appraisals, developing transport assessments, and fostering client relationships.

This role offers the opportunity to contribute to the growth and development of our transport planning capabilities while collaborating with talented professionals across disciplines.

Key Responsibilities as a Senior Transport Planner:

Conduct site access appraisals and transport assessments

Develop concept designs for highway schemes and junction improvements

Mentor junior team members and foster their professional development

Cultivate client relationships and contribute to business development efforts

Prepare fee proposals and assist in securing new opportunities

Monitor project resourcing and financial performance

Essential Requirements for the Senior Transport Planner:

Proven experience in a Transport Planning consultancy

Strong knowledge of transport planning policy, principles, and standards

Relevant postgraduate experience and ideally pursuing Chartered status

Proficiency in software such as **Linsig** and **Junctions 9**, experience with **TRACC** is advantageous

Familiarity with local and national transport policy and guidance

Personal Skills:

Highly motivated and dedicated to delivering high-quality outcomes

Exceptional interpersonal and communication skills

Customer-focused with the ability to manage client expectations effectively
