

## Service Engineer

[Apply Now](#)

Company: Agricultural Recruitment Specialists

Location: Forfar

Category: architecture-and-engineering

Job Title: Service Engineer

Salary: £17.00 - £19.50 per hour

We are seeking a skilled agricultural engineer to join our dynamic service team in Forfar. Specializing in Agricultural Machinery. This role requires expertise in engines, electrics, hydraulics, transmissions, GPS, and precise calibrations.

### Responsibilities:

Perform day-to-day mechanicing tasks.

Diagnose and address engine faults, utilizing service adviser tools.

Covering Angus, Perth, Fife, and Southern Scotland, the role involves traveling and occasional overnight stays.

Participate in a weekend on-call rota.

Work Monday to Friday, 7:30 AM to 5:00 PM, with expected overtime.

### Qualifications:

Agricultural engineering background.

Strong knowledge of engines, particularly John Deere.

Proficiency in various technical areas: electrics, hydraulics, transmissions, GPS, and

calibrations.

### **Benefits:**

Company van, phone, and tablet provided.

Competitive salary: £17-£19.50 per hour.

Full training for the right candidate.

Overtime pay at time and a half after 40 hours.

Evening/Saturday Overtime compensated at time and a half; double time on Sunday

**Team Environment:** Join our clients collaborative team, where everyone supports each other. They value confidentiality and ensure that all enquiries are handled with the utmost discretion.

If you are an experienced agricultural engineer with a strong engine background, we invite you to apply for this rewarding opportunity. Contact us today, and let's explore how your skills can contribute to our clients success.
