

Service Engineer

[Apply Now](#)

Company: Chase Taylor

Location: United Kingdom

Category: architecture-and-engineering

Chase Taylor Recruitment are currently working with a large UK leading supplier of windows and doors who is now looking to recruit an experience window and door Service Engineer.

This company has been successfully supplying and installing high-spec products, catering for the new build, refurb and self-build market that includes working on Passivhaus projects within both the residential and commercial sector.

If you are currently working as a Service Engineer repairing windows & doors, are happy to travel across the M4 and preferably have experience of working on timber products or have a carpentry background then please give us a call to hear about this great new opportunity.

Benefits:

Company Van

Generous holiday entitlement, additional holiday per year of service

Product training given where needed

The role:

Travelling to customer's homes to complete installation repair jobs to a high standard (overnight stays maybe required),

Ensuring any parts or remedial works required are clearly and accurately stated,

Reporting any difficulties and service updates to the Installations Department,

Keeping records of work carried out,

Carrying out works to the highest standards of workmanship,

Delivering exceptional customer service.

The candidate:

Previous or current experience working with composite, timber and aluminium window and door products including Passivhaus

Outstanding attention to detail

Be reliable and punctual

Have excellent customer service skills

Be computer literate

Have a full, clean UK driving license

Must currently reside in the UK

If you are an experience window and door service engineer, and would like to find out more. Please contact Martyn at Chase Taylor Recruitment and quote reference MM4.
