

Site engineer

[Apply Now](#)

Company: RTL Group Ltd

Location: Crewe

Category: construction-and-extraction

My client is a leading civil engineering sub-contractor. They are looking to on-board a site engineer to manage the engineering of a large earthworks scheme being delivered. The scope of works you will be required to manage will include earthworks, 3D modelling, volumetric surveys, remediation and cut & fill.

Site engineer responsibilities:

- * Site set up and setting out.
- * Producing site and As-built surveys.
- * Reporting too and working alongside project management team.
- * RFI's.
- * Raising design issues.
- * Health and safety compliance.

Site engineer requirements:

* CSCS Card.

* Civil engineering degree.

* SMSTS or SSSTS.

* Previous highway or earthworks experience.

* Laptop and AutoCAD.

The next steps to apply for the role!

Click the apply button below and send your CV or equally give Coby Little a call for a confidential chat.
