Setting Out Engineer & Senior Engineer
Location: Birmingham
Are you an ambitious Engineer living in London but potentially open to relocating to another city for the right project? If so, JRL Group is building on a proven track record and expanding in Birmingham, where we are delivering three major high rise projects. Due to this continued growth, we are recruiting a Site Engineer & Senior Engineer for our latest project in the City.

Role & Responsibilities: Set out and level the site using Topcon (EDM). Knowledge of site calibration checks. Resolve any unexpected technical difficulties and other problems that may arise. Carry out and record quality inspections. Use digital / web platforms ie. Fieldview, Viewpoint for projects, Topcon magnetic field / office. Carry out as-built surveys, producing and assessing as built files. Support construction team with coordination of Temporary Works. Be an excellent communicator & take leadership within the Engineering team. May be required to oversee some of the document control aspects.

Requirements: Civil Engineering or Construction related degree qualified would be ideal. 3 yrs' minimum Experience within a similar role. Excellent communicator. Valid CSCS card. Ability to demonstrate having previously worked on sub & superstructures packages, in particular concrete / RC frame structures & basements.

Benefits: Competitive salary, with confidence of working for an established and growing company. Opportunity for progression within the business. Dedicated Training & Development Department. A stimulating & dynamic environment.
