

Site Engineer

[Apply Now](#)

Company: Balfour Beatty

Location: United Kingdom

Category: architecture-and-engineering

About the role

Balfour Beatty has an opportunity for a **Site Engineer** to join our Regional team in the South East of England to work on a large, complex construction project in the Defence Sector

What you'll be doing

Shape the world of tomorrow as a **Site Engineer** with an infrastructure leader. Developing your engineering skills on inspiring projects with people who really know their stuff, you'll get to explore career paths across the biggest organisation of our kind. We build landmarks. We build futures. And together, we build up our engineers to become the best at what they do.

As a **Site Engineer** with us, you'll discover a breadth of projects you won't find elsewhere.

Working on the largest scales, this is your chance to:

Oversee complex works and instruct talented teams on how to build them

Measure productivity on site and keep it all on track through engineering controls

Grow your skills and network across our vast business from rail and roads to power

Develop your career, from surveying and design to senior engineering roles

Build health and safety into everything from checking safe systems on sites to producing H&S documentation

Keep quality at the highest levels and meet design specs to the letter

Create commercially-focused delivery plans for shorter sections of the master build

Shape world-changing projects whether you choose to work nationally or regionally

Learn on the job from engineering and other experts and through ongoing training.

Who we're looking for

Making an impact every day as a Site Engineer, you'll need:

Engineering experience and a strong understanding of technical issues and trends

Up-to-date knowledge of engineering and industry best practice

A relevant engineering degree and professional qualifications, or equivalent

The confidence to advise senior managers when action needs taking and follow up

To build relationships across Balfour Beatty and with external partners

A passion for what we could achieve together and pride in a job well done.

Why work for us

Day in, day out, our teams deliver some of the UKs most ambitious, exciting and meaningful projects; developing, building and maintaining the vital infrastructure that supports national economies and strengthens communities.

Why join us?

As if contributing to and supporting work that makes life better for millions wasn't rewarding enough, we offer a full range of benefits too. You'll have the freedom to shape the package that's right for you and your life. Here are some of our key benefits:

- Smart working, giving you more flexibility such as staggered start and finish times, with up to 40% remote working, where roles allow.
- 25 days paid annual leave (pro rata)
- Family friendly policies which include 28 weeks full pay for maternity/adoption leave and four weeks full pay for paternity/partners leave
- Pension, share incentive plan, volunteering leave, recognition schemes and much more
