Company: Work Matters Limited

Location: United Kingdom

Category: other-general

Applebridge Construction is a highly respected civil engineering contractor situated in the North East of England and Yorkshire regions. As part of the Applebridge Family, a group of construction companies covering a wide range of construction disciplines, they offer a regional service with an expert team of specialists that brings decades of collective industry experience. Having worked in partnership with a variety of clients across an array of industries for almost a decade, they have specialist experience across Speculative housing, Social housing, Health and Social care, Education, Law and Order, Retail, Infrastructure and Energy. With a strong focus on collaboration, Applebridge's approach is to engage early, offering pre-construction assistance, design advice, risk assessment, programme rationalisation and value engineering. As part of their continued expansion, they are currently looking for an experienced Site Manager to oversee our site in the North East. With responsibility for daily site operations, you will help ensure the project is delivered safely on time, within budget and to the highest quality standards. This will include: Ensuring all Operatives and Subcontractors are: Properly inducted onto Site: Issued with and use the correct PPE and work in a safe manner: Competent and have the necessary qualifications to carry out works to the highest quality standards. Observing and maintaining all Health and Safety and Environmental Management standards Establishing standards of Quality on Site and ensuring delivery of build in accordance with project specifications and requirements Delivering works in the most economic manner to reduce waste and avoid non recoverable costs Understanding clients' priorities and adopting a professional and considerate approach ensuring excellent working relationships are maintained. Applicants should possess previous experience of 'hands on'

management and delivery of Construction/Civil engineering projects. You will possess a 'can do' attitude coupled with the ability to challenge the status quo and make things happen. CSCS card is essential with SSSTS/SMSTS accreditation being an advantage. Driving Licence essential. A collaborative mindset is at the heart of Applebridge's success; they pride themselves on the strong relationships they have built with both clients and staff. As a group of highly motivated professionals, they aim to be the best at what they do, and it is essential that candidates are similarly inclined – in return, they can offer an exciting opportunity to work, grow and thrive in an environment that will challenge, support, and reward you for your dedication.
