

## Site Manager

[Apply Now](#)

Company: Black Book Resources

Location: London

Category: construction-and-extraction

Site Manager (Groundworks)

Location: Predominantly in the London area, with potential projects extending to Cardiff, Brighton, and Derby.

Salary: £(Apply online only) per day, plus £30 per night for staying away from home.

Type of Employment: Self-employed basis

Overview: We are seeking a dedicated and experienced Site Manager to oversee groundworks operations across various locations. This role is integral to our expanding projects in modular building constructions. As a Site Manager, you will lead groundwork labour, manage site logistics, and ensure the highest standards of health and safety on site.

Key Responsibilities:

- \* Manage all aspects of groundwork labour, including scheduling and supervision.
- \* Liaise with the procurement manager for material procurement.
- \* Maintain comprehensive site files and oversee health and safety for groundworks.

- \* Collaborate with the project manager to ensure timely delivery of the groundworks package.

#### Qualifications and Experience:

- \* Minimum 5 years of experience in a site supervisor or manager role, preferably in groundworks.

- \* SMSTS certification preferred but not mandatory.

- \* CSCS certification required.

- \* Experience with plant operations (excavators, dumpers, rollers, forklifts, etc.) preferred.

#### Skills:

- \* Excellent interpersonal skills and a team player.

- \* Commitment to high standards and a drive for results.

- \* Loyalty and trustworthiness are paramount.

#### Personality Traits:

- \* Humble in demeanor, yet hungry for professional growth and smart in people management.

#### Benefits:

- \* Reliable workload and diverse project sites.

- \* Kind and caring team environment.

- \* Company van and essential plant equipment provided.

\* Opportunities for career advancement to larger site management and project management roles.

\* Relevant training and development opportunities provided by the employer.

Interview Process:

\* Initial online interview followed by a face-to-face interview if applicable.

\* Interviews will be conducted by the Operations Manager, with flexible scheduling.

Start Date: Ideally May 2024.

To apply, please submit your CV and cover letter detailing your qualifications and experience relative to the responsibilities and requirements outlined. Join us to advance your career in a role where your work will make a real impact.
