

Site Operative[933162]

[Apply Now](#)

Company: RSK Habitat Management

Location: United Kingdom

Category: computer-and-mathematical

We are looking for someone who has experience in working outdoors in environmentally sensitive areas. Candidates with experience in working on large infrastructure projects UK wide, will be looked on favourably. You will receive ongoing training and development in all aspects of the operational tasks and have a great opportunity for continued progression.

We are also in a position to employ trainee operatives, so do let us know if you are interested in being considered!

Responsibilities

Help in the delivery of ecological contracting, habitat creation and vegetation clearance work packages on site, ensuring that works are delivered on programme, budget and to the required quality standards;

Operate effectively in a dynamic and challenging working environment;

Carry out any necessary basic maintenance on small plant, tools and equipment, making sure that they are fit for purpose;

Adhere to site safety, environmental and wellbeing requirements;

Be able to work independently or as part of a team:

Communicate effectively with fellow team members and other site-based staff

Qualifications and Experience

Valid CSCS card or equivalent

Full driving licence, ideally with Trailer Licence (B+E)

Ideally hold 3 day First Aid at Work Qualification

Physically fit and motivated

Prepared to stay away Monday to Friday (where necessary)

Desirable but not essential
