## **About Us**

We are a UK-based organisation providing practical ecological and nature-based solutions to create a legacy for wildlife and stakeholders and achieve biodiversity net gain. From vegetation clearance to landscape-scale habitat creation, our in-house team of ecologists, reinforced by a fleet of specialist equipment, provides practical ecological contracting solutions in highly regulated sectors.

We are a diverse group with decades of industry experience in ecological contracting, nature-based solutions, habitat management, ecology and biodiversity, landscape, forestry, arboriculture, and vegetation management. We have delivered ecological mitigation measures and habitat creation for some of the UK's biggest infrastructure, energy, and housing projects; so, whether you are just beginning your career or are looking for a fresh challenge, we may have the opportunity for you.

RSK Habitat Management is part of the RSK Group, a leading integrated environmental, engineering, and technical services business providing dynamic, multidisciplinary services to a wide range of sectors. RSK was founded in 1989 and has grown considerably since then. In fact, Environment Analyst recently highlighted RSK's growth commenting, "Few companies in the environmental services sector can claim to be expanding at the same pace as RSK." RSK operates as a group of synergistic businesses with a growth strategy centered on diversification to build a resilient business that can withstand external pressures while also bringing more value to clients and opportunities to employees.
