

Site Service Engineer

[Apply Now](#)

Company: Toyota Material Handling Manufacturing

Location: United Kingdom

Category: other-general

We are looking for a Site Service Engineer (Site Technician) to work within our After Sales department to maintain, repair, service and modify the companies range of products. This role comes with a competitive salary, an attractive company pension, and the opportunity to work for great company.

About the role

The role involves servicing, maintaining, and repairing forklift trucks and other material handling equipment. On a day-to-day basis this is what you would be doing:

Service, maintain, overhaul, fault find and resolve faults on company products.

Fact find and report any concerns.

To deal promptly with customer enquiries

Achieve agreed targets.

Ensure that our company regulations are followed at all times.

We are looking for somebody who has experience working as a forklift engineer, plant fitter, plant technician, industrial equipment, or a similar type of role.

Here is a quick tick list for the other skills we are looking for:

Experience in mechanical engineering.

Basic electrical knowledge would be beneficial.

Effective planning and organisational skills.

Excellent communication skills.

Able to work on your own initiative.

We offer a competitive salary; an attractive company pension, free parking and vending machines at our centres, generous company sick pay, voluntary critical illness cover, free eye tests and flu jabs and access to a 24/7 employee assistance programme. We also reward our team members with a scheme that includes discounts for major shops, gym memberships, discount on family days out.

We will provide you with industry leading technical training to ensure you have the knowledge and all the tools to do your job. Plus, there are plenty of opportunities to progress your career and develop your skills within Toyota.
