Job Title: SMT Team Lead

Location: Lymington, Hampshire

Salary: Upto £35,000 basic + benefits

Are you looking for an SMT role in Hampshire?

My client designs and manufactures a range of electronic products that are sold all over the world.

They have a manufacturing department of c80 people using modern machines and equipment.

They are looking for an SMT Team Leader to join their Production team.

The SMT Team Leader is responsible for the day-to-day running and administration of the SMT department to deliver daily and future production plans in collaboration with the Lead Hands and Machine Operators. The Team Leader is responsible for organising the team and working closely with the Manufacturing Lead, Production Engineers and Machine Operators with the set-up, maintenance and operation of the surface mount machinery, ensuring time, cost and quality requirements are met.

Main duties of the SMT Team Leader will include:

Take ownership of running the SMT department to ensure a high quality product is

delivered on time.

Be hands-on with the operation of machines, ensuring they are set up in a safe manner to begin daily production cycles and meet deadlines.

Supervise, control and adjust machine settings.

Control or set up raw component bandoliers, sticks or loose component feeds to ensure optimal machine efficiency.

Supervisory responsibility of Machine Operators. Organise the team around production activities, pre-approve holidays and manage overtime.

Candidate requirements for the SMT Team Leader:

Experience in an SMT department in a light electromechanical assembly environment.

Lead by example, embracing change management and continuous improvement.

Organised, self-motivated and solution-focused individual able to work with own initiative.

Ability to work as part of a team in a leadership role and on your own.

The hours are 7am to 3:45pm Monday to Thursday – 7am to 11:30am Friday.

This is a great opportunity to join a successful, well-run company offering good career prospects and training.
