

Software Developer – Java

[Apply Now](#)

Company: Cavendish Professionals

Location: United Kingdom

Category: computer-and-mathematical

We are currently looking for a **Java Software Developer** to join as a permanent team member for our client, who is a leading Fintech company working within the consumer lending space. This is available on a hybrid basis and their office is based in Prague, Czech Republic.

Requirements:

Working experience in an enterprise company with Java.

Strong knowledge of Java basics.

Experience working with Relational Databases.

Strong experience implementing Web Applications.

Strong experience working in a defined Software Development Process (, Scrum, Kanban).

Proven knowledge of design patterns.

Experience in Driven Development.

Good written and spoken English

Responsibilities:

Cooperate with team members, and architects to develop reliable business solutions.

Build and validate new functionality covered with unit, integration, and acceptance tests.

Ensure knowledge sharing within the team.

Do code reviews.
