Role: Software Developer

Salary: £55,000 (DOE)

Location: Bristol

A Bristol based FinTech has just finalised their product roadmap for the next 16 months, where they have some ambitious plans to scale their current product offering and to enable them to meet their goals they need an additional helping hand.

Acting as a Software Developer you'll be required to provide full stack expertise across their customer facing and internal platforms using Laravel and Vue.js. Within the team you will report into the Lead Developer to help produce ideas for new features, ways to enhance their current offering and carry out any maintenance queries. The business has maintained their start-up culture, where no matter your years of experience or title, you will be heard. This means you'll co-ordinate cross-functionally and in an agile manner to ensure the overall business roadmap and goals are being met - and maximise collaboration.

Experience

3 years' PHP, Laravel experience

Great commercial development using modern JavaScript frameworks

Knowledge of AWS

Good understanding of APIs design & integration with 3rd parties (SOAP/REST/GraphQL)

Based near or commutable to Bristol

Please provide an updated CV and let's have a chat!
