

Software Engineer

[Apply Now](#)

Company: Portfolio Group

Location: London

Category: computer-and-mathematical

Posted On: 4th April 2024

Portfolio are proud to be exclusively representing our award-winning, multinational professional services client in their search for a Software Engineer.

This role will be on site 4 days a week.

Who you are and what you will bring

- * Open and collaborative mindset
- * A keen eye for detail and an inquisitive mind
- * Enjoy solving complex problems to deliver meaningful improvements for our customers
- * Rigorous approach to analysing and delivering on business requirements
- * Passion for learning new technologies and ways of working
- * Contribution to innovation through investigation and evidence-based analysis
- * Maintenance of learning culture in the team and helping new joiners
- * Understanding of Agile principles and experience in iterative, incremental delivery
- * Excellent verbal and written communication skills
- * Initiative in solving production issues
- * Acts of leadership in medium complexity domains
- * Professional experience in programming in two or more languages, preferably using test-driven and Object-Oriented methodologies (we use Drupal, Laravel and Typescript amongst others)
- * Ability to deliver semantically correct, performant, responsive frontend code

Desirable

- * Experience enhancing application performance, resilience and security
- * Familiarity with serverless applications, headless or microservice architectures
- * Knowledge of DevOps, DevSecOps and Quality Engineering practices
