Company: Premier Group Recruitment

Location: United Kingdom

Category: other-general

Software Engineer We're looking for a Software Engineer to join a a squad in a growing Software Engineering function. SOLID OOP and their principals are important, so you'll know how to apply these in your day to day. The Software Engineering team work on the design and development of portal systems which will be in server-side product development, so you'll have experience working in this setting. For this role we would need to be looking at someone with 3 to 5 years commercial experience. The Software Engineer will be working on the full SDLC lifecycle in Agile Teams and expected to be a critical thinker and self-starter, coming to the table with questions, new ideas and approaches and an efficiency for solving problems. Key Technical Skills: C# .NET, .NET Core API's JavaScript, HTML, CSS SQL Design Patterns, Refactoring SOLID, BDD, OOP Benefits: Annual Bonus Flexible Holidays + Bank Holidays Private Healthcare 5% Pension Paid Volunteering Home Office Package and WFH Package Multiple opportunities to progress Please apply direct or you can email bbradley@pg-rec.com with your most up to date CV. This is for UK and Ireland citizens only who have full right to work without restriction, as there are no sponsorship opportunities available at this time.
