Our client is a leading company in the UK, manufacturing and supplying products of the highest performance and quality. They want to recruit for this full time contract role urgently.

You will possess a strong manufacturing background. The role is to ensure that the soldering of products are carried out to the required requirements.

About the role:

Perform soldering tasks to assemble electronic components and circuit boards

Use hand tools and power tools to complete assembly tasks

Follow detailed work instructions and diagrams to ensure accurate assembly

Inspect finished products for quality and adherence to specifications

Troubleshoot and repair any defects or issues with the soldered components

Maintain a clean and organized work area

About you

Previous experience in soldering or electronics assembly is preferred

Knowledge of surface mount technology (SMT) and through-hole soldering techniques

Familiarity with hand tools, power tools, and electrical equipment

Basic mechanical knowledge to understand assembly processes

Ability to read and interpret technical drawings, diagrams, and work instructions

Strong attention to detail and quality control

Good manual dexterity and hand-eye coordination
