Company: Next Ventures

Location: England

Category: other-general

UK wide- With travel to client site My client is the mid-market and corporate market implementation partner for Coupa and their practice is growing rapidly as we deliver first class solutions across a range of clients. As an experienced professional with more than 4 years' experience in delivering P2P solutions, this role will provide you with the support, training and experience to rapidly develop your career both as a technical expert and as a consultant.

Responsibilities Provide technical and functional expertise to customers during the implementation process. Contribute to the end-to-end client life cycle. Translate business process requirements into functional and technical options. Work in a multi-client environment, using project management best practice to deliver outstanding client solutions to agreed timescales. Take a leading role in the technical design, configuration and deployment of the Coupa platform.

Skills required Able to build strong client relationships with a commercially curious approach. 4 years plus of delivery and implementation of Purchase to Pay systems. Confidently and effectively work in a multi-client environment. Experience of Sourcing, Category Management and Contract Management principles. The ability to execute an implementation plan that works towards a rapid, successful go live. This is an excellent opportunity to join an organisation with a strong project pipeline and a high level of ownership. If you feel that this role could be a strong fit for you or you would just like to hear more, please apply or reach out to: Emily Birch Emily.birch@next-ventures.com +442038542792
