Category: other-general

Solutions Architect - £75k - Manchester If you're a Solutions Architect who wants to be making an impact on multi-platform projects, collaborating with different teams in an Agile environment and driving improvements, read on! The Essentials- Salary = £65k-£75k- 10% bonus (paid in full 3 years in a row)- 8% pension contribution - Adult approach to flexi-time around core hours- 2-4x per month in office (depending on projects)- Ability to influence and impact team and scope This a role for someone looking to contribute and not just take part. Core platform is AWS, but this is a multi-cloud environment with an increasing footprint in both Azure and AWS. My client is looking for a well rounded architect, able to lean on well known frameworks to guide on design, with a solid knowledge of microservices and best practice to lead the way for the rest of the team. With a multi-year roadmap in place, there is scope in this role to shape the technical direction of the wider team. Financial, Retail or Ecommerce experience will help you hit the ground running with this role, with integration knowledge with tools such as Kafka a big bonus. If you're a Solutions Architect commutable to Manchester, reach out to hear the full details.
