

Sonographer Ultrasound Direct Parttime

[Apply Now](#)

Company: TFP Fertility

Location: United Kingdom

Category: healthcare-practitioners-and-technical

As the UK's leading ultrasound healthcare provider, Ultrasound Direct is part of TFP, the largest fertility provider in the UK and Northern Europe. Due to ongoing expansion, Ultrasound Direct have an exciting opportunity for full and part-time sonographers to join their progressive and friendly teams. These posts offer a competitive salary with the additional benefits of flexible working hours, a generous company pension contribution, 27 days annual leave (plus bank holidays), travel expenses, ongoing professional development & support through the Ultrasound Direct School, our employee assistance programme and regular growth opportunities for the right candidates.

With more than 75 ultrasound clinics across the UK, Ultrasound Direct are now looking for enthusiastic & dedicated professionals to be a part of their ongoing success. As part of the West Territory team, you will add to the existing positive and inclusive culture, have a drive for success and a pro-choice work ethic. You will be responsible for delivering an outstanding and high-quality ultrasound service with a drive to deliver clinical excellence.

This is a 0 hours contract - various hours of work are available

Manage patients safely and appropriately

Provide ultrasound services to the highest quality

Perform ultrasound examinations and compile concise and comprehensive reports

Work with other team members to ensure the smooth functioning of the ultrasound service

Ensure patient records, reports to patients are in accordance with TFP/USD Information Governance requirements.

To enter patient information onto the database.

Ensure excellent communication with service users and key partners so that their needs and views are taken into account in the planning and monitoring of service delivery.

Be able to clearly explain sonography procedure to patients and making them at ease.

Be able to independently perform diagnostic monitoring scans during IVF treatment and early pregnancy.

The ability to explain technical terms in a clear and understandable way.

Be able to confidently deal with sensitive difficult situations, when delivery bad news

To perform other adhoc tasks

The Location:

Required to work at some or all the following locations:

Swindon

Bristol

Cardiff

Oxford

Stoke-on-Trent

Norwich

Derby

Leicester
