## Job Description

The position: Senior Quantity Surveyor

Senior Quantity Surveyor to join our Yorkshire area team, initially providing commercial advice and support on a complex and large value flood alleviation scheme based in Leeds, and then onto the wider regional business across a number of frameworks and schemes with a variety of clients across highways, flood and water sectors. This is a great opportunity for a highly collaborative and enthusiastic professional.

As a Senior Quantity Surveyor, you will be responsible for the following:

- Maintain high personal safety and environmental standards in accordance with Company policy
- Maintain effective communication with the team you are working with
- Manage, supervise and mentor members of the commercial team
- Provide commercial contact with supply chain partners through pre-contract meetings, contract vetting and input to subcontract documents
- Commercial management of subcontractors including processing payments, obtaining final account agreements, and resolving disputed issues by negotiation, if appropriate
- Ensure the timely production of reliable cost performance data
- Production of monthly / quarterly reports financial reports
- Be responsible for change management including ensuring adherence to Contractual timescales

and Notices

- Ensure adherence to Risk and Opportunity management protocol and advise the Management Team accordingly
- Be responsible for the timely production of appropriate levels of applications for payments in accordance with the provisions of the conditions of contract
- Attend and provide input to all site commercial meetings. Providing commercial advice to the site team
- Manage time and workloads for yourself and your commercial team in a structured manner
- Liaison with operations and support services to ensure successful commercial outcomes
