

Structural CAD Technician

[Apply Now](#)

Company: Balfour Beatty

Location: United Kingdom

Category: other-general

About the role

Balfour Beatty have an exciting new opportunity for **Structural CAD Technicians** to join our Design and Engineering Team in our Power T&D Business

You will work with the structural design team to obtain the most suitable interpretation of design information to produce assembly / fabrication drawings and bill of quantities for structural steelwork

At Balfour Beatty we have a smart working policy with hybrid and part-time opportunities available.

What you'll be doing

Use CAD software to produce 2D & 3D models of structural steelwork.

Provide technical support to project stakeholders e.g. Site operatives, commercial team, fabricators.

Ensure compliance with the Group Minimum Engineering Expectations.

Highlight good/bad practice to ensure continuous improvement.

Manage their own tasks and deliver them to program and budget.

Produce engineering estimates for small projects.

Oversee small projects with up to two CAD technicians, managing resource and delivering tasks to program and budget.

Ensure work is carried out in line with client and industry specification

Who we're looking for

Previous experience developing 3D models, producing general arrangement drawings, fabrication drawings and bill of materials for structural steelwork.

Knowledge of Microsoft Office software such as Word, Excel.

Why work for us

Day in, day out, our teams deliver amazing projects in challenging conditions; developing, managing and maintaining the vital infrastructure and public spaces that modern economies, societies and communities rely on.
