Structural Engineer

Cardiff

£35,000-£40,000 plus bonus and flexible/hybrid working

Our client is a well-established and successful consultancy based in Manchester

A forward-thinking and modern approach to engineering, combined with a focus on successful project delivery, their workload is increasing as their reputation grows. Their busy Cardiff office is seeking a degree qualified structural engineer who has at least 2 years' post graduate consultancy experience, preferably in and around the Cardiff/South Wales area.

Candidates with a flair for design are required to oversee projects in a variety of sectors and you will have strong client facing skills, being able to attend meetings and write follow up reports.

As well as good communication you will have a high level of technical ability, having produced design calculations using all traditional materials.

This is an excellent opportunity for an engineer looking to make a strategic career move. They offer generous benefits and hybrid working.

For further information please contact Darryl Yates at Flux Consulting on (phone number removed), or click apply to start the conversation
