

Structural Engineer

[Apply Now](#)

Company: Ayesa - UK and Ireland

Location: London Area

Category: other-general

Ayesa is a globally-oriented, forward-thinking company deeply committed to fostering diversity, inclusion, equity, and sustainability. These principles form the bedrock of our dedication to our 11,300 employees and serve as the driving forces behind our spirit of innovation. With a presence in 23 countries worldwide, Ayesa has earned a prominent international reputation in various engineering fields, including infrastructure, water conveyance and treatment systems, transportation, marine projects, waste management, aeronautics, and defense. Additionally, Ayesa is a well-established technology consultancy, specializing in facilitating the digital transformation of large corporations, particularly in the utilities sector, and providing technological solutions for public institutions. As a technology and engineering firm, we complement our technological proficiency with the capacity to design physical infrastructures. This includes crafting distinctive buildings that imbue cities with character, designing iconic bridges that seamlessly blend into their surroundings, creating transportation systems such as high-speed roads, intelligent roadways, stations, and airports that serve as the backbone of regions, and engineering remotely controlled networks for energy and water distribution, driving urban and demographic development. Ayesa is seeking a skilled Structural Engineer to join our Water Structures division, focusing on the delivery of projects in Ireland the UK, and Saudi Arabia. This role will provide essential structural engineering expertise for water and wastewater projects, enhancing the service offering to UK contractors and consultants. The successful candidate will work closely with the Structural Lead Engineer and other stakeholders to ensure the successful delivery of projects and contribute to our ongoing growth and success. This role presents an exciting

opportunity for a Structural Engineer to contribute to significant water and wastewater projects in Saudi Arabia and the UK. If you possess the requisite experience and skills and are committed to delivering excellence in structural engineering solutions, we encourage you to apply and join our dynamic team at Ayesa.

Responsibilities

- Collaborate as a member of a project team to deliver high-quality services to clients.
- Interface effectively with other engineering disciplines, including civil and geotechnical.
- Communicate proficiently with clients and senior staff.
- Manage challenging workloads efficiently.
- Exhibit strong teamwork and interpersonal skills.
- Ensure projects are managed in compliance with Ayesa's Integrated Management System (IMS).

Qualifications

- Bachelor's degree in Civil or Structural Engineering.
- Approximately 3-5 years' experience in structural design engineering.
- Working towards Chartered Membership of the Institution of Structural Engineers or another relevant professional body.

Skills & Knowledge

- Experience in delivering detailed design engineering solutions, drawings, and specifications for structural engineering projects in the UK/Ireland.
- Proven experience in water and wastewater structures or other civil engineering aspects.
- Familiarity with contractor design and temporary works.
- Excellent understanding of structural behavior and detailed knowledge of current codes and standards, including Eurocodes.
- Understanding of the structural components of buildings and other structures.

Benefits Package

- We offer a competitive salary package along with a comprehensive range of benefits designed to support your professional growth and enhance your overall well-being:**
- Competitive Salary:** We offer a competitive salary package to attract and retain top talent in the industry.
- Hybrid Working:** Enjoy the flexibility of working from home for 2-3 days a week, allowing you to achieve a better work-life balance.
- Flexible Work Arrangement:** Our core working hours are Monday to Thursday from 10am to 4pm, and Friday from 10am to 3pm, providing flexibility to accommodate personal and professional commitments.
- Pension Match:** We offer a pension match scheme to help you secure your financial future.
- Income Protection:** Receive support in safeguarding your income in the event of illness or injury.
- Life Assurance:** Gain peace of mind with life assurance coverage.
- Training and Development Programme:** Access a range of training and development opportunities to enhance your skills and advance your career.
- Employee Assistance Programme:** Benefit from confidential support services to address personal or professional challenges.
- Sports and Social:** Engage in our vibrant sports and social activities to foster a sense of community and well-being among our team members.
- Increased Annual Leave:** Enjoy increased annual leave entitlements based on years of service, rewarding

your dedication and commitment. Recognition Awards: Receive recognition for your contributions through our awards program, celebrating achievements and excellence. Annual Salary Reviews: We conduct annual salary reviews to ensure your compensation remains competitive and reflective of your performance and contribution. We are an equal opportunity employer and value diversity at our company. We do not discriminate based on race, religion, colour, national origin, gender, sexual orientation, age, marital status, veteran status, or disability status. We will ensure that individuals with disabilities are provided reasonable accommodation to participate in the job application or interview process, to perform crucial job functions, and to receive other benefits and privileges of employment. Please contact us to request accommodation.
