

## Structural Engineer

[Apply Now](#)

Company: Calibre Search

Location: United Kingdom

Category: architecture-and-engineering

### Description

#### Structural Engineer

Leigh, Greater Manchester

£30k - £38k

An independent Civil and Structural design Engineering consultancy based in Leigh are on the lookout for a Civil and Structural Engineer to join their burgeoning team working on a range of Residential and Commercial projects across the North West.

The company are relatively new and fresh blood to the consultancy market in the North West.

They're ideally looking for a Civil and Structural Engineer (either bias is suitable) to come in and join them on the ground floor and be exposed to the day-to-day running and largely perform hands-on design work.

Ideally, they're looking for:

A Civil and/or Structural Engineer

At least 3+ years' experience in a similar role

A degree in Engineering or an Engineering-related field

Experience using AutoCAD

Experience working in a consultancy environment

Someone who can work autonomously without supervision for the most part

Someone in commutable distance to Leigh

Good engineering knowledge and understanding of key structural engineering principals.

If interested in this position, but perhaps would like to find out more before formally applying, please contact Taylor Smith at Calibre Search Manchester.

Calibre Search promote equality in the workplace and we welcome applications from all suitably skilled or qualified candidates regardless of their sex, race, disability, religion/beliefs, sexual orientation or age. We act as both an employment agency and employment business.
