Your duties

Would you like to...

...study and live abroad?

...learn German?

...obtain cross-cultural competences?

...gain practical knowledge?

...have challenging career perspectives after your diploma?

Welcome on board!

The work-study program begins annually in mid-July and lasts about 4.5 years.

You will start with a practical training at WITRON and learn about programming languages, developing tools, databases, etc.

Parallel you will have intense German classes to improve your language skills.

If your German is on a B2 level after the first year, you will start your studies at the local university.

During semester breaks, internship semester and bachelor thesis you will work within WITRON to expand your practical knowledge.

The program finishes with a Bachelor's degree as well as a skilled worker's certificate.

Your profile

- Minimum age: 18 years
- University entrance qualification
- Excellent school grades
- IT interest, skills
- Proficient English language skills
- German knowledge, minimum A1/A2 level
- High level of motivation and flexibility
- Open-mindedness and interest in other cultures

We offer:

- Fixed monthly compensation during the entire timeframe
- No tuition fees
- Paid vacation within the practical training period
- Individual support, preparation for exams
- Paid German language course

YOUR BENEFITS

Our logistics solutions ensure the supply for people globally. Likewise, it's important to us to be there for you as an employer. Ensuring that you can count on reliable, above-average performance from the very first day of your apprenticeship.

REMUNERATION

Training allowance above the general pay scale, Christmas bonus, 30 days vacation (per calendar year), Allowance for one paid flight home per year, Allowance for housing

BONUSES

Cash and book prizes for good grades in the vocational school and final exams, Trainee of the year, Non-smoking bonus

RETIREMENT AND RISK PROVISION
