Supervisor / Bricklayer / Stonemason

Semi-Skilled Labourers / Tradesperson

Rail

Location – Perth, Scotland

We currently have numerous permanent/staff opportunities for Semi Skilled Tradespeople and Labourers within our Scotland Business Unit based from our Depot in Perth, including; Bricklayer(s), Stonemason(s) and Supervisor(s).

Business Unit

A busy and fast paced project and maintenance environment involving in a range of multi-disciplinary civil engineering projects, working for a varied range of clients including Local Authorities, Network Rail and Environmental.

Projects can typically include civil engineering works and infrastructure projects such as: Highways & Roads, underbridges, overbridges and footbridges, tunnels, flood alleviation & repairs, earthworks & embankments and rail platforms and station infrastructure etc.

We currently have a number of live infrastructure projects and long term renewals and maintenance frameworks underway including Civils Asset Management (CAM), Renewals Enhancement Framework (REF) and a Slabtrack framework.

The Role

We currently have various permanent / staff positions available from our Perth Depot in Scotland, for Supervisors, Bricklayer(s) and Stonemason(s) with experience in the rail industry.

Read the engineers or architects' plan.

Responsible for building or repairing walls in accordance with construction plans.

Responsible for constructing brickwork by laying bricks using the correct mortar mixture.

Measure the work area.

Set out the first rows of bricks (courses) and the damp course.

Mix mortar by hand or with a mechanical mixer.

Lay the bricks on top of each other and apply the mortar with a trowel.

Shape and trim bricks using hammers, chisels and power tools.

Interface with other operatives / trades to prevent clashes.

Check that courses are straight and level using water or laser spirit levels and plumb lines.

Other tasks as may from time to time be deemed necessary and are authorised by line managers.

Requirements

To excel in this/these positions, you will have previous railway experience as a Supervisor, Stonemason and/or Bricklayer. Ideally you will have a valid PTS and must be able to demonstrate the requisite experience in the rail industry with associated competencies / certification as appropriate to the role you are interested in (i.e. City & Guilds / Time served Bricklayer).

The Company

You will be joining a reputable and firmly established, engineering contractor operating nationally in rail, civils and engineering markets. AmcoGiffen are renowned in the market as a specialist civil, building, mechanical and electrical renewals and maintenance business with ongoing and successful projects and frameworks across the country, you will become part of our expert outfit.

The Remuneration

Permanent / weekly paid position offering good rates of pay.

Uplifts for overtime and weekend shifts

Westfield Health Cash Plan

Pension

Life Insurance
