

SUPPLY CHAIN PLANNER

[Apply Now](#)

Company: 3D Personnel LTD

Location: Donegal

Category: management

SUPPLY CHAIN PLANNER,
DONEGAL.

Our client is a favorite with International Celebrities and is a fifth-generation Irish family business with over 150 years of experience in designing, weaving and tailoring. Today they export fabric around the world, while the lifestyle collections across Men, Women, Home & Accessories are available through B2B channels and via the store network, this iconic brand is built on a long-standing heritage of quality design and looks forward to a sustainable and successful future.

On their behalf, we wish to recruit a Supply Chain Planner who will become a pivotal member of the Merchandising and Supply-Chain Team.

Key Responsibilities and Duties:

Creation of Product Costings

Creation of product costs seasonally, comprising all product components and other relevant information.

Compiling and maintaining purchase price lists and generation of garment costings.

Creation of Price Lists

Creation of price lists with margin analysis; for seasonal product collections, for both trade and direct to consumer sales channels, to achieve correct margin.

Production Planning

Creating production plans, negotiating with suppliers and managing production and product deliveries with multiple suppliers in order to achieve delivery deadlines.

Analysis of raw materials, garment production requirements and creating garment purchase orders for all suppliers and dealing with all supplier communications.

Monitoring, maintaining and distribution of delivery schedules.

Reconciling final product prices against invoices.

Sales Analysis Reporting

Responsible for generation of sales reports and data analysis relating to production.

Qualifications and Skills

Previous experience in a similar environment, including knowledge of costing, pricing and preparation of orders for global suppliers.

The ability to use your own initiative and understand the impact of production planning in relation to budgetary parameters.

Exceptional numeracy skills, accuracy, attention to detail and robust data analysis skills.

Advanced Excel is essential as is the ability to quickly learn the in-House system (Protex).

Excellent verbal and written communications skills with the ability to communicate and negotiate effectively with overseas suppliers/third parties.

Other key attributes sought

High attention to detail

Ability to work to deadlines

Ability to resolve issues quickly and effectively

A customer-centric individual with excellent rapport building skills

Additional important information

Job ref: VAC-13423
