Are you a Production Planner/Controller keen to break into the Aerospace Industry? Want to work in an ultra-modern manufacturing facility and a business that encourages training and development? Then we want to hear from you!

The business is a global manufacturer and supplier of a wide range of high-quality products for the aerospace and defence sectors, with sites across the world they are part of the biggest Aerospace manufacturing group in the world. With a site stretching over 200,000 sq

feet, they have superb manufacturing facilities ensuring the highest possible standards are achieved. Part of the Midlands Aerospace Alliance, this company retains the reputation of a market leader in this industry by attention to detail and business excellence.

Key Responsibilities as the Production Planner/Controller

Support the company's Supply Chain and Production functions by controlling the flow of parts to aid the production teams.

Work with the business to ensure a robust demand plan is in place.

Complete all customer shipment paperwork and ensure that all transport is being arranged.

Manage supplier scorecards, ensuring that the businesses SLA's are being met.

To be successful in this role you will have had prior experience working within Manufacturing as a planner/controller within a Production or Materials capacity.

You will have excellent IT skills, have used MRP or ERP systems, and be able to use Excel to intermediate standard.

Benefits include a salary of £32 - £35K for the right person, 25 days holiday plus bank holidays, a company pension scheme with matched contributions, healthcare plans, sick pay, and many great perks!

ASC Connections Ltd acts as an employment business for temporary positions and an employment agency for permanent positions. We are committed to equal opportunity and diversity.
