Company: Contechs

Location: Solihull

Category: business-and-financial-operations

## Systems Trainer

**5-month initial contract**

**Onsite - Solihull**

**£41ph (Inside IR35)**

### About the company

I am currently recruiting on behalf of a Luxury Automotive OEM, based in Solihull, who are seeking a Systems Trainer to join their team

### Job Description

As Systems Trainer, your main responsibilities are:

Process assessment and stakeholder identification in the form of a Training Needs Analysis (TNA)

Design, Create and Deliver role-based user training

Developing training content, including classroom courses, online learning courses, assessments, videos, simulations, and quick reference guides

Evaluating the users' level of knowledge at appropriated levels

Identify and on-board Early Adopters and Super Users

### Requirements:

5+ years' experience in Training role

Experience creating bespoke training material, using a variety of methods

Available to work on-site 5 days per week

### **Why work through Contechs?**

Contechs is a strategic partner to the automotive industry, providing innovative design and engineering services to global OEMs, from concept to production. Founded in 1997, Contechs has since established itself as a leading automotive recruitment specialist, recruiting across all disciplines in the product development process.

Its dedicated Contractor Care Team plays a pivotal role in providing an effective and successful placement for external employees, supporting them throughout their contract, from pre-placement to contract renewal.

**If you know anyone that is suitable for the role, please visit our refer a friend page where we offer up to £600 for successful referrals:**

### **IF APPLICABLE (UK AND B2B ROLES)**

\*Applicants MUST have proof of immediate, on-going and valid eligibility to work full time in the UK and travel within the EU.\*
