I work for an organisation called Scanmetals UK Ltd in Willenhall, West Midlands, UK.

We are in the process of opening up a branch in Spain too, and would like to open up the opportunity for secondment for UK employees to go to our Spanish branch on either a short or long term basis to get the plant up and running and deliver training to new employees.

We are seeking a native Spanish speaker who can deliver up to 5 hours of sessions per week on site in the evenings to no more than 4 employees at a time and somebody who can also come up with a glossary of terms and phrases relative to the jobs they will be training.

Things such as names of equipment, tools, forklift commands such as up, down, left right etc and also basic conversational Spanish.
